Put Down the Phone and Just Drive: April Is Distracted Driving Awareness Month

Monterey Park, Calif. - March 31, 2022 - April is Distracted Driving Awareness Month and the [Monterey Park Police Department](#) will be actively looking for drivers throughout the month who are in violation of the state's hands-free cell phone law.

"Holding your phone and using it while driving is not only dangerous, but also illegal," Monterey Park Chief of Police Kelly Gordon said. "For the safety of your family and others on the road, put the phone away and focus on driving."

According to the 2021 California Statewide Public Opinion Survey, nearly three out of every four drivers surveyed said that distracted driving because of texting was their biggest safety concern. In 2019, the California Highway Patrol (CHP) issued nearly 20,000 citations during the month of April to drivers for hands-free cell phone law violations.

Under current law, drivers are not allowed to hold a phone or electronic communications device while operating a vehicle. This includes talking, texting, or using an app. Using a handheld cell phone while driving is punishable by a fine. Violating the hands-free law for a second time within 36 months of a prior conviction for the same offense will result in a point being added to a driver's record.

If you have an important phone call, text, email, or need to program directions, pull over to a safe parking spot. Before starting the car, either silence your phone or put it somewhere you can't reach.

Funding for distracted driving enforcement is provided by a grant from the [California Office of Traffic Safety](#), through the [National Highway Traffic Safety Administration](#).
