Subject: Letter to City Council and Mayor 6/07/2023

Hello City Council and Mayor Jose Sanchez,

My name is Jose Mendivil, I work in Public Works as a Street Maintenance Worker going on 7 years. I am a proud member of SEIU 721. We have been here throughout the pandemic, but it's becoming very challenging to keep our departments fully staffed. With the cost of everything going up, many good workers have come and are now gone due to low wages. They are being offered more pay at other local cities. Myself at this time as a father of a High School graduate, the conversation about if and how I will be able to afford for my son to attend college is very concerning. We are asking for your support and to consider the requests from our bargaining team.

Thank you,
Jose Mendivil
